General Information

Choosing the right ticket

If you aren't a regular user of public transport, not knowing what payment options are available can be a bit off-putting. However, there is no need to worry. Here are three simple options to allow you to complete your journey without difficulty:

Option 1: is to just pay for each journey as you make it. This is the simplest option, but if you are making more than one journey or need to change vehicle, the following options may be cheaper.

Option 2: ask the driver or ticket seller if a return ticket is available. Return tickets are often cheaper. If you buy a return bus ticket, please make sure that your return journey will be run by the same bus company, as this is not always the case, even on the same service route.

Option 3: is particularly suitable if you are using more than one bus service or combining bus, train or tram journeys. A range of all day tickets is available in combinations of 'bus only', 'bus & train', 'bus & tram', 'train & tram' and 'bus, train & tram'. These tickets are called System One Day Saver Tickets and offer big savings. You can buy Day Saver Tickets from bus drivers, train station ticket offices and Metrolink ticket machines. Please note that Day Saver Tickets are only valid on trains or trams after 9.30am Monday to Friday.

If you are going to be making regular trips by public transport there are a wide range of tickets designed to suit the type of journeys that you make and saving you even more money. Available as weekly, monthly and even yearly tickets they offer both value for money and convenience. For full details visit our website (www.gmpte.com), call in one of our Travelshops (located at most bus stations) or telephone 0871 200 22 33 (calls cost 10p per minute, mobile and landline networks may charge additional tariff costs). *Check the full conditions of tickets before you travel.*

Claiming back fares

Patients on low income may be entitled to claim back travel costs. For details ask for leaflet HC11 from your local post office, from Job Centre Plus or ask at the hospital.

Manchester and District Transport for Sick Children

Manchester and District Transport for Sick Children are a registered charity working throughout Greater Manchester helping children to reach their hospital appointments. If you have difficulty getting your child to and from health appointments please contact your Health Visitor or Social Worker and ask them to contact this charity directly. If you or anyone you know who has access to a vehicle and would like to become a volunteer with this charity, please contact the Transport Organisers on 0161-406 6074.
